

JOB OPPORTUNITY

Position: Marketing Manager
Reporting To: SVP, Client Service & Business Development
Term: Full-Time
Location: 20 Eglinton Ave West, Toronto

Overview

We are seeking a creative, results-oriented Marketing Manager to lead our marketing team while also bringing hands-on digital marketing experience to the role. This position is ideal for a player-coach with strong experience in financial services or investment management content creation and digital marketing. The successful candidate will oversee a team of marketing professionals that are responsible for the firm's general marketing function, and manage digital campaigns across multiple client channels, support lead generation efforts, and ensure brand consistency in all touchpoints.

Key Responsibilities

Management Responsibilities:

- Manage a 3-person team of marketing specialists.
- Liaise with Distribution teams to coordinate and implement firm-wide marketing initiatives.

Individual Responsibilities:

- Collaborate with internal teams (investment, compliance, business development) to create compelling digital content such as whitepapers, videos, webinars, and market insights.
- Develop and execute the digital marketing strategy aligned with business objectives.
- Manage the firm's website, including content and design updates, SEO, and analytics.
- Lead digital marketing campaigns.
- Analyze campaign performance and provide regular reporting with actionable insights.
- Manage existing digital tools and platforms and potentially implement new ones (e.g. marketing automation, CRM integrations, analytics tools).
- Ensure all digital marketing complies with industry regulations and brand standards.
- Stay current on digital trends, tools, and best practices in asset and investment management.

Requirements

- Experience leading a team of marketing direct reports.
- Experience in content creation, ideally within investment management, financial services, or professional services.
- Excellent project management and stakeholder communication skills.
- Strong copywriting and editing skills, with an ability to translate complex investment concepts into engaging content.

- Strong knowledge and experience using digital channels (email, social, SEO/SEM, content marketing, web analytics).
- Proficient with digital marketing tools (e.g., Google Analytics, CRM databases, CMS platforms).
- Proficient with design tools such as InDesign, Photoshop, Illustrator.
- Experience working within compliance-regulated environments.
- University degree in Marketing, Communications, Business, or a related field; CIM designation or investment industry knowledge is a strong asset.
- French language proficiency would be considered a strong asset.

This posting is for a current vacancy on our Institutional Marketing team. To apply, send your resume to **careers@beutelgoodman.com**.
